**GMH1025 SDS-plus hammer drills**

YG8 for carbide tip + 40Cr for body, milled flute, blasted finish

**Applications:**

Ideal used for professional work with SDS type drilling machines on concrete, masonry, stone etc

**GMH1030 SDS-plus Hammer Drills PRO Quality**

flat or double flute

BC20 for carbide tip + 34CrNiMo6 for body, automatically welding

**Applications:**

Ideal used for professional work with SDS type drilling machines on concrete, masonry, stone etc.
